

Ship-Trap Island Map

Directions: Your job is to draw a map of Ship-Trap Island as accurately as possible using the features that you read about within the story. Be sure to use colors and include as many features as possible. Be creative and keep it neat. Here are some things that you *must* include:

- The Misleading Lighthouse
- The Chateau
- Death Swamp
- The Malay Man Crusher
- The Tiger Pit
- The Ugandan Knife Trap
- The cliffs upon which Rainsford falls asleep when he arrives

Add any other features you can think of! Have fun with this!
